Introduction of Value-added, Certificate and Add on courses

Background: In response to the evolving needs of students and the dynamic landscape of education, it has been resolved to introduce Value-added and Certificate Courses starting from the 2018-19 academic session. These courses aim to enhance the academic flexibility of the teaching-learning process and provide students with additional skills and knowledge beyond the core curriculum.

Objectives:

1. To offer students opportunities for holistic development by supplementing their academic pursuits with specialized skills and knowledge.
2. To cater to the diverse interests and career aspirations of students by providing a range of courses across different disciplines.
3. To enhance the employability of students by equipping them with practical skills and certifications relevant to industry requirements.
4. To foster innovation and interdisciplinary learning by offering courses that bridge traditional academic boundaries.
